Sharp LB653-WIFI

Flexible collaboration for workplaces and learning environments

- Flexible and customisable user experience Multiple user interface options including Google EDLA Home, Sharp Launcher and Android Hide allow organisations to tailor the display for collaboration, education or touch signage use cases.
- Natural Pen-on-Paper® writing Highly responsive infrared touch technology with dual-tip passive pens and Windows Ink support delivers an intuitive and accurate writing experience for brainstorming and collaboration.
- Versatile installation and connectivity Clean narrow-bezel design supporting portrait and tilted installations (65"/75"), OPS slot expansion, HDMI-out with MST support via USB-C for multi-screen setups and a Wi-Fi dongle for flexible wireless network connectivity.
- Secure and future-ready platform Android 14 SoC with Google EDLA certification, regular OTA updates and advanced security features such as IEEE 802.1X ensure a reliable, secure and easily manageable collaboration environment.
- Seamless collaboration workflows USB-C connectivity enables simple BYOM meetings with video, data, touch and up to 100W charging through a single cable, while EShare allows wireless screen sharing from personal devices.
