

Información sobre palets y embalajes SHARP PV Modules

Aplicable a los siguientes tipos de módulos de 108 células: **NU-JC400B, NU-JC410**

Tamaño del palet		Información de entrega		Nombre del embalaje		Material	Peso																																																																																																																														
Longitud Anchura	1.754 mm 1.125 mm	Módulos por palet	31 uds.	Caja de embalaje	Papel corrugado	9,0 kg																																																																																																																															
Altura de pila única	1.245 mm	Módulos por camión (40 pies)	806 uds.	Palet	Madera contrachapada	17,0 kg																																																																																																																															
Altura doble pila	2.490 mm	Palets por camión (40 pies)	26 uds.	Correa de plastico	PET	1,984 kg																																																																																																																															
Peso de una sola pila (palet + módulos)	700 kg	Dirección del módulo en palet	erguido sobre lado largo	Envoltura de plástico	PEL5D98	1,271 kg																																																																																																																															
Peso de doble pila (palet + módulos)	1.400 kg																																																																																																																																				
Vista lateral del palet (pila doble)		Almacenamiento y transporte																																																																																																																																			
 		Max. Apilamiento para almacenamiento				2 palés																																																																																																																															
		Max. Apilamiento para transporte				2 palés

Información de la etiqueta																																																																																																																																					
																																																																																																																																					

- El módulo N° 1 se encuentra en una orientación opuesta a los otros módulos en el palet.
- Muestra la hoja de datos de envío:
 - Tipo de modelo
 - Número de serie y código de barras del palet
 - Fecha de empaquetado
 - Número de serie y código de barras del módulo
 - Potencia eléctrica Pmax (W)
- El código EAN no está disponible
